

# Amazing Appetizers and Meals, Anytime Snacks and Beverages

Zenith prides itself on offering a culinary experience that is as diverse and exciting as the San Blas Islands themselves. From fresh, local seafood to premium meats and vibrant produce, our onboard chef creates delectable dishes catered to your dietary preferences and restrictions.

Enjoy the luxury of dining on freshly caught lobster (occasionally restricted by the local Congresso), and the captain's famous beef filet BBQ, all paired with a selection of fine wines, popular liquors, and refreshing soft beverages.

Fresh maracuja (passionfruit) mousse is the favorite desert.

Special attention is given to our younger guests. Parents may request separate kid favorites, like mac and cheese, chicken nuggets, and pizza.

Charters of 3 days or more allow for an island lunch or dinner. The captain will find the perfect time and island. Included.

With charters of 5 days or more (or just ask), the captain will prepare a bonfire after dark, with roasted marshmallows, chocolate, and graham crackers.
