# Around the Catamaran

Spacious accommodations, with up to 4 cabins, each cabin with individual bathrooms, showers, and separate climate controls.

Two cabins have queen beds, and two cabins have full-size, extra-long beds, all perfect for couples.

Zenith serves one couple with an incredible selection of water toys and amenities, along with the use of two bathrooms.

Larger groups of up to 4 couples are ensured the same comfort, and with enough facilities and equipment for everyone to enjoy.

An additional two hallway bunk beds are great for teens, and there is space in the cabins for small children to sleep with parents.

A large indoor saloon provides climate-controlled comfort to dine, socialize, enjoy boardgames, play the onboard acoustic guitar, and watch movies via Starlink.

There are multiple outdoor areas to lounge:

A large, covered cockpit for dining, music, and even dancing! This area features a great sound system with subwoofer, and colored LED lighting.

Up front is a huge undivided trampoline, made from special, comfortable fabric. Here you may lounge with the breeze from above and below. Select from various portable seats and cushions.

An exclusive feature of the Zenith trampoline is a large blue sunshade, fitted above, when you seek protection from the sun. A forward-facing “wakeboat” sound system allows Bluetooth-connected music from your phone.

Another Zenith exclusive is its rear sundeck.

And you can always join the captain at the raised helm, with seating for 3 people. Help sail if you like!

- Cruises range from 1 day-night up to 10 days. A minimum of 3 days-nights is recommended within San Blas in order to reach several different areas.
- You will typically explore two different islands daily and relax at secure anchorage each night.
- Five days will get you to all major areas. Seven or more days will get you all around San Blas.
- One-day, two-island San Blas excursions can be arranged from your hotel, using air transport from Panama City's convenient Albrook domestic airport. Includes the lunch menu you prefer, appetizers, snacks, and all the beverages mentioned.
- The choice of uninhabited and – or inhabited island visits is yours.
- For islands that are inhabited by the indigenous Guna, the officials, artisans, fishermen, natives, and their children recognize the Zenith. The Zenith crew treats the Guna well, and with years of goodwill, they reciprocate with a warm welcome.

The captain uses both the sails and the sailboat motors when moving between the islands, as appropriate wind conditions and safe navigation.

Air transport to the Corazon airport at San Blas will bring you to the better, nearly tourist-free islands. Road + water taxi transport can also be used, which begins and ends at the more travelled islands.

So you've been to San Blas sever times already, and want another option ?
